

Connect with Community Members through the platform.

The-CM.com: the Platform

- Promotes and supports the development of community based economies by providing online tools, consulting Sensemaking Sessions and participation workshops.
- Hosts user content pages for promoting community voice, and supporting the development of local businesses.
- Provides the digital exchange. Uses circulation of digital coin to measure fund impact.
- Big data analysis for understanding challenges and developing solutions.
- Increases engagement through Impact Economy Podcasts and Summits.
- Goal is to become a network of coops where the platform belongs to all who take part.

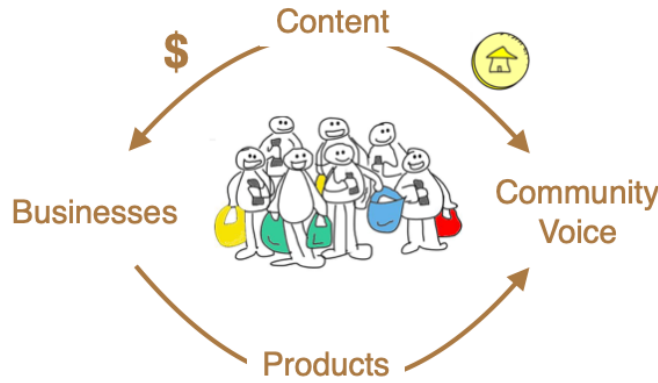

Finance Partners
Angel investments and podcast sponsors.

Service Fee
5% of Crowdfunds + Advertising Sponsorship Funds.

Crowdfunders

Local Businesses

- Start a **Business Page** then post **Funding Opportunities**
- Digital coins they get in return for products motivates them to help other businesses get funding too. So the community's marketplace grows.

Community Members

- Earn digital coins by posting content that attracts funds to businesses. This fosters peer to peer learning too.
- Use their digital coins to purchase products from businesses.
